"TAISHAN" BRAND PORTLAND CEMENT

The best Portland cement produced in the East. It is manufactured from the highest grade of raw materials obtained from our own mines. The only cement recommended by world experts for all kinds of construction due to its superior and uniform quality.

The "TAISHAN" BRAND cement has passed all the tests required by the Shanghai Municipal Council and many other competent authorities, and its unusual strength in tensile, compression and other tests has proved to be unexcelled. Copies of the certificates issued by the said authorities will be gladly furnished on request.

# WHAT THE HONG LIST CONTAINS.

At the beginning of the book will be found a General Index and an Index to Advertisers; also English, Chinese, Jewish and Mohammedan calendars and a list of holidays, festivals, etc.

**SHANGHAI HONG LIST.**—This section consists of all firms, institutions, missions, consulates, etc., in Shanghai, with staffs, arranged alphabetically. The following are the only general headings used in this section:

| | |
|---|---|
| Chambers of Commerce | Consulates |
| Churches | Hospitals |
| Clubs | Missions |

**SHIPPING.**—A directory of naval vessels at Shanghai and on the Yangtze and an alphabetical list of mercantile marine officers.

**RAILWAYS.**—A list of Northern Railways of China, with their foreign and native staffs, including those resident in Shanghai.

**AGENCIES.**—Agencies held by Shanghai firms are listed alphabetically, with the firm's name after them. If, therefore, you wish to find any agency held in Shanghai refer to the Agents' Directory, which will give you the name of the firm handling it.

**TRADE DIRECTORY.**—A list of all Shanghai firms under their professional or trade headings.

**SHANGHAI WHO'S WHO.**—An alphabetical list of the men of Shanghai, with their business addresses.

**RESIDENTIAL DIRECTORY.**—A list of the foreign residents of Shanghai, arranged alphabetically, with their private addresses.

**STREET DIRECTORY.**—A list of the streets of Shanghai in English and Chinese, with the occupants of all foreign and many Chinese houses, offices, and stores.

**OUTPORT HONG LIST.**—A list of Northern and Central China cities and outports with foreign firms and institutions and their staffs.

**OUTPORT WHO'S WHO.**—An alphabetical list of foreign men in Northern and Central China, compiled from the Outport and Railway Sections of this work.

**OUTPORT LADIES' LIST.**—An alphabetical list of foreign ladies, not engaged in mission work, resident in Northern and Central China.

**OUTPORT MISSIONARIES.**—Classified alphabetically by provinces. Under the names of the provinces are given the towns where missions are established, with list of residents. This is divided into two sections: (1) Protestants, (2) Roman Catholics. Mission Institutions, such as Schools, Colleges, etc., will be found under the respective Ports.

**MISSIONS WHO'S WHO.**—An alphabetical list of missionaries of each denomination, compiled from the previous section.

**GENERAL.**—Consular, postal, exchange and other information.

## How To Use The Hong List.

Refer to a person's name in Who's Who, which is followed by his firm's name.

His firm's name in List of Hongs will give his business address and other information.

A person's name in the Residential Directory (Shanghai) is followed by his private address. In the Outports, private addresses are given in the Outport Ladies' List.

In Shanghai a private address in the Street Directory will give the approximate position of the house.

*Special Attention* is drawn to the Agency List, following the Shanghai Hongs. This contains about two thousand agencies held by Shanghai firms. If you wish to communicate with the agents for Johnnie Walker whisky, Ansco cameras, Priestman dredgers, etc., refer to this list, which will give you the local agent's name.

*Corrections or omissions should be addressed to the Hong List, North-China Building, Shanghai. They will be greatly appreciated and will be made use of in the next edition.*

## FOREIGN SETTLEMENT FIRE DISTRICTS

The above plan illustrates the redivision of the Settlemen into Fire Districts, which received the Council's approval, and took effect from December 1, 1913. The districts are defined as follows :—

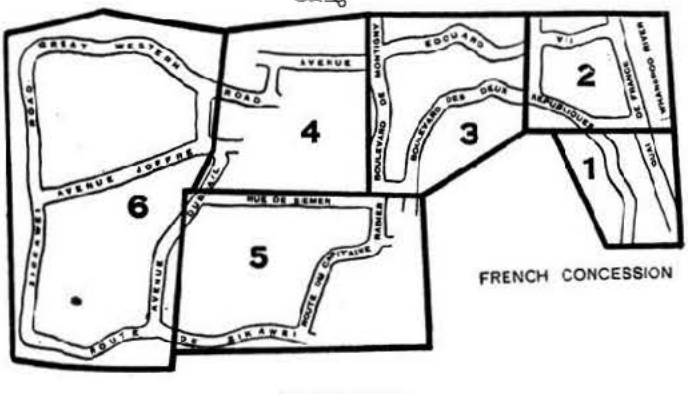

District No. 1, East of the Hongkew Creek.
District No. 2, between the Hongkew Creek and North Honan Road.
District No. 3, North of Nanking and East of Fokien Road.
District No. 4, South of Nanking and East of Fokien Road.
District No. 5, South of Nanking and West of Fokien Road.
District No. 6, North of Nanking and West of Fokien Road.
District No. 7, West of Thibet Road.
District No. 8, West of North Honan Road.
District No. 9, The Whangpoo River and Pootung.

No persons are allowed within the Police lines at fires except members of the Fire Brigade.

Persons whose property is endangered and representatives of the Gas, Water, Telephone and Tramway Companies and the Electricity Department may obtain permission to pass the Police cordon by applying to the Inspector on duty.

# HARBOUR REGULATIONS

FOR THE

## PORT OF SHANGHAI

The following Regulations are published for the information and guidance of all concerned. Those of them that concern foreign interests have been agreed to and sanctioned by the Treaty Power Consuls at the Port:—

1.—The term "vessel" in these Regulations refers to vessels of foreign type. Regulations concerning native-type craft are embodied herein only in so far as is necessary for their due control when working in connexion with foreign-type vessels. They are regulated in other respects by special notifications.

### Woosung Anchorages

2.—The anchorages at Woosung for vessels of foreign type are:—
(*a.*) For vessels other than those provided for in (*b.*): from Woosung Lighthouse to Woosung Creek, or outside Woosung Bar.
(*b.*) For vessels proceeding to Shanghai which are not lightering; for vessels with Explosives as cargo on board; and for vessels under quarantine restrictions: outside Woosung Bar.

3.—A vessel anchored outside Woosung Bar shall be clear of the fairway leading to the entrance of the river, and in this respect must conform to the directions of the Berthing Officer.

4.—A vessel requiring to anchor in anchorage (*a.*) shall, on arriving at Woosung Spit Buoy, hoist the International Code Flag *N* at the fore, when she will be boarded by the Berthing Officer, who will direct her to a proper berth.

5.—Vessels in anchorage (*a.*) shall moor in accordance with the instructions received from the Berthing Officer.

### Shanghai Anchorages

6.—The anchorages for foreign-type vessels are:—
(*a.*) For vessels other than those provided for in (*b.*), (*c.*), (*d.*), and (*e.*): from the south side of the Kiangnan Arsenal Dock to the Standard Oil Company's Wharf.
(*b.*) For vessels carrying Explosives: outside Woosung, as provided for in Clause 20.
(*c.*) For vessels carrying Mineral Oil, Turpentine, Spirits of Wine, Arrack, etc.: below the 8th Section, on the Pootung side, as provided for in Clause 22.
(*d.*) For vessels carrying Benzine, Naphtha, and other high inflammables: below the Cosmopolitan Dock, as provided for in Clause 29.
(*e.*) For quarantine purposes: outside Woosung, as provided for in Clause 33.

7.—Vessels entering the Harbour will be boarded by a Berthing Officer, who will direct them to proper berths.

8.—River, coast, and mail steamers which have determined berths are allowed to proceed to them without stoppage, except as provided in Clauses 20, 28, 29, and 33 of these Regulations.

9.—Four berths in the Upper Reach will be kept for the use of men-of-war.

10.—Vessels shall moor in accordance with instructions received from the Harbour Master, and shall not shift their berths without a Special Permit, except when outward bound after having obtained their clearance papers.

11.—Applications for berths or for permission to shift must be made at the Harbour Master's Office by the Shipmaster, the First Officer, or the Pilot in charge, when the necessary instructions concerning the berth will be given.

### Navigation Rules

12.—Vessels are required to conform to the International Regulations for Preventing Collisions at Sea.

13.—Vessels shall not attempt to cross the Woosung Bar or pass through the Astræa Channel when the Depth Signal indicates less water than a vessel is drawing, except as provided for in the following:—

*Note.*—It is sometimes the case that a greater depth of water can be obtained by following a track which cannot be indicated by the Marks. Captains and Pilots wishing for further information than that shown by the Depth Signals should apply at the Harbour Office at Shanghai or Woosung, when the draught, in excess of the signalled depth, that is permissible by following a stated track will be notified.

14.—Between Woosung Creek and Kaochiao Creek no steamer shall overtake and pass another steamer, except a tug or a tug towing.

15.—No steamer or other large vessel shall, except for the purpose of avoiding an accident, anchor between Woosung Creek and the Standard Oil Company's Wharf.

16.—Vessels when passing conservancy works in course of construction or conservancy craft engaged in dredging, etc., shall proceed at a slow speed.

17.—Vessels under way to the westward of the lower end of the Standard Oil Company's Wharf shall proceed at no greater speed than is necessary to keep the vessel under control.

18.—When vessels are shifting from wharves to head-and-stern mooring buoys, or *vice versa*, and when swinging at wharves, a black ball, 4 feet in diameter, must be hoisted at the flagstaff on the wharf from which the vessel is shifting, or at which swinging, and no vessel shall commence to shift or to swing until such black ball has been hoisted for 10 minutes. The vessel whilst so shifting or swinging shall exhibit a black ball, 2 feet in diameter, at the fore truck.

19.—Tow-boats and other craft towing within the Harbour limits must be of sufficient power to maintain perfect control over their tows. Not more than two lighters or other craft shall be towed abreast.

### Munitions

20.—Vessels having on board as cargo any High Explosives or the specially prepared constituents of such, any Loaded Shells or more than 100 pounds of Gunpowder, any quantity of Small-arm Safety Cartridges in excess of 50,000 rounds, or any other fixed Ammunition of which the aggregate quantity of powder charges exceeds 100 pounds, shall anchor outside Woosung and fly a *red* flag at the fore, and, in regard to the discharge of same, they shall abide by the instructions received from the Customs. Vessels having to receive on board any such Explosives shall observe similar precautions.

COMFY TEA ROOM

BIANCHI SHANGHAI

This rule shall not apply to Small-arm Safety Cartridges when carried in a properly constructed magazine, so fitted as to admit of its being flooded by a sea-cock operated from the upper deck, in which case the number of such cartridges allowed to be carried is not limited.

21.—Men-of-war and other Government vessels may, on application to the Harbour Master, be permitted to take on board or tranship Explosives within the Harbour limits, provided that such Explosives are handled only by their own crews under the command of an officer.

22.—Any transfer by boat of Explosives, Arms, or Ammunition must be covered by a Special Permit, which will be issued at the Harbour Master's Office upon the owner's written application giving the registered numbers of the boats to be thus employed.

23.—Vessels wishing to proceed to the Kiangnan Arsenal to discharge explosive cargo will be permitted to do so, but they must not come above the limit specified in Clause 20 of these Regulations without first obtaining permission of the Customs authorities. After taking explosive cargo on board at the Kiangnan Arsenal, vessels will not be allowed to anchor between the Arsenal and Woosung.

24.—No lighters or other boats, except those which have permanent decks or coverings, shall be allowed to receive any of the articles mentioned in Clause 20 of these Regulations, and all such articles when received on board any such lighter or boat must be stowed under deck or within the permanently closed-in space

25.—Every craft, of whatever description, conveying Explosives through any part of the waters of the port shall exhibit a *red* flag, not less than 6 feet by 4 feet, at the foremast head, or where it can best be seen; and in the case of all boats or lighters thus employed which are not fitted with masts, the flag must be exhibited at a height of not less than 12 feet above the highest part of the deck or house.

26.—No lighter or other boat having Explosives on board shall be allowed to anchor or make fast anywhere between Kiangnan Arsenal and Black Point, and no lighter or boat shall pass between these limits except in the daytime, and then only on a fair tide, unless propelled by steam or towed by a tug.

27.—The storage of Explosives of any sort shall not be allowed anywhere on or near either shore of the Whangpoo or its affluents in the neighbourhood of Shanghai, except with the permission of the Customs authorities.

### Mineral Oil, etc.

28.—Vessels arriving with Mineral Oil, Turpentine, Spirits of Wine, or Arrack as cargo shall be berthed on the Pootung side of the river below the 8th Section of the Harbour or alongside a Tungkadu Wharf or the Nanmatow Wharf, south of the Tungkadu Dock, and there must remain until all such cargo has been discharged. Vessels loading such cargo shall do so only where it is permitted to be discharged, and from there proceed to sea.

Vessels at any wharf are permitted to handle a quantity of Kerosene not exceeding 50 cases.

Bulk Oil steamers are required to take all such precautions as are customary in their trade.

29.—Vessels arriving with Naphtha, Benzine, Ether, or other high inflammables as cargo, shall not proceed above the lower side of the Cosmopolitan Dock.

But, on special application to the Harbour Master, vessels having on board only 300 or less drums of 65 or less imperial gallons of Benzine will be allowed to proceed to the 11th Section and land such cargo on the Pootung shore, below the Yangking Creek, under the conditions stated in Clause 30.

Vessels loading such cargo shall do so only where the same is permitted to be discharged, and from there proceed to sea.

30.—The storage of Naphtha, Benzine, Ether, or other high inflammables, in quantities exceeding 450 drums of 65 imperial gallons, is permitted only in the Lower Section, on the Pootung shore, below the Cosmopolitan Dock.

But, on special application to the Harbour Master, permission may be granted to store Benzine in the 11th Section, on the Pootung shore, below the Yangking Creek, subject to the following conditions:—

(*a*) That the quantity does not at any time exceed 450 drums of 65 imperial gallons.

(*b*) That such drums of Benzine be stored in a godown approved by the Harbour authorities.

31.—No fires, for cooking or any other purpose, and no smoking shall be allowed on board any lighter or other boat when going alongside a vessel which has Explosives, Naphtha, Benzine, etc., on board, nor while there are any such Explosives, Naphtha, Benzine, etc., on board such lighter or boat.

31B.—Bunkering vessels with fuel oil is permitted in any part of the harbour subject to the following conditions:—

(*a.*) That the flash point of the oil is not less than 150° Fahrenheit as tested by the Abel closed cup test, and that it is covered by a certificate to that effect from the company supplying the oil.

(*b.*) That the bunkering barges are approved by the Harbour Authorities, whose approval, however, shall not be arbitrarily withheld. Such barges shall be registered at the Customs for their special purpose.

(*c.*) That such precautions be taken as may from time to time be directed by the Harbour Authorities.

32.—Vessels having on board as cargo Calcium Carbide, Oil of Mirbane, Acids and other dangerous cargoes shall be berthed on the Pootung side of the river where such cargoes shall be stored only in special godowns approved by the Customs. Vessels loading such cargo shall do so only where it is permitted to be discharged and from there proceed to sea.

Chlorate of Potash and Phosphorus shall be treated in accordance with the special Regulations governing these articles as appended.

### Infectious Diseases

33.—Vessels arriving from an infected port, or having any infectious disease on board or any disease suspected to be infectious, and vessels on board which a death has occurred during the voyage from her last port, shall, as provided by the Quarantine Regulations for the port, on approaching Woosung hoist the Quarantine Flag (International Code Flag *Q*) at the fore, anchor outside Woosung Spit Buoy and keep the flag flying until pratique has been granted.

No person shall be permitted to leave or board such vessel without a permit from the Harbour Master or the Port Health Officer.

### Conservancy

34.—No wharves, jetties, pontoons, or bundings shall be established, and no reclaiming or other riparian work commenced, without the permission of the Whangpoo Conservancy Board; such permission is to be applied for through the Harbour Master.

35.—No buoy shall be laid down without the sanction of the Harbour Master and his approval of its moorings. Unoccupied buoys must be lighted from sunset to sunrise.

UNIVERSAL PROVIDERS
THE WING ON CO. (SHANGHAI), LTD.

36.—All buoys shall be subject to the control of the Harbour Master, and when they are so placed as to obstruct the passage of vessels or are not moored in such a way as to economise berthing space, the Harbour Master shall be at liberty to order them to be shifted. In case of refusal or neglect on the part of the owners of a buoy to shift its position as directed by the Harbour Master, the latter may cause it to be removed at the cost of the owners.

37.—Ballast, ashes, garbage, refuse, spoil obtained by dredging or otherwise, etc., must not be thrown into the river. Vessels wishing to discharge ashes or other refuse should hoist the International Code Flag F at the fore truck, when a licensed ash-boat will attend and take delivery—at a fixed tariff.

38.—In the case of wrecks within the Harbour, or in the approaches to the port, which form a danger to navigation, if no active steps for removal have been taken within a reasonable time—as specified by the Harbour Master,—the wreck will be removed or destroyed by the Marine Department of the Customs.

### Miscellaneous

39.—All arc-lights and other powerful lights on wharves, pontoons, banks of the river, and on board vessels shall be so screened or shaded riverwards as to avoid embarrassment to navigators. Search lights shall not be used in such manner as to embarrass navigation.

39B.—Oil or oily matter must not be discharged into the Whangpoo, and must not be allowed to find its way into the Whangpoo from Shore premises.

40.—The blowing of steam whistles or sirens, except for the purpose of signalling in accordance with the "Regulations for Preventing Collisions at Sea" or for the purpose of warning vessels of danger, is strictly forbidden.

41.—No vessels shall fire guns, cannon, or small arms within the Harbour.

42.—No vessels, except men-of-war may use swinging booms Swinging booms will be rigged in from sunset to sunrise.

43.—All vessels shall keep on board a sufficient number of hands to clear and pay out chain. The hawse must always be kept clear.

44.—Vessels discharging timber overboard, when swung out of line with the direction of the ebb and flood currents, shall have no rafts or logs trailing astern. When the vessel is in direct line with the ebb and flood currents, rafts or logs may trail astern for a distance of only 100 feet from the vessel. Rafts or logs must not be accumulated in such manner as to obstruct the fairway.

45.—Lighters and other boats are not to be made fast to vessels in such a manner or in such numbers as to interfere with the free passage of other boats or vessels through the Harbour.

46.—In case of fire occurring on board a vessel in port, the fire bell be sumtrung immediately by that vessel, and by those above and below her, and the signal *NH*, International Code ("Fire: want immediate assistance"), hoisted by the burning vessel, if possible, and by those above and below her during the day, or the light lowered and hoisted contiaually during the night. Notice should immediately be given to the River Police Hulk and to the nearest Municipal Police Station.

47.—Vessels infringing these Regulations will have their entrance, working, and clearance stopped by the Customs until such infringement is remedied, or will be dealt with by their national Authority.

CUSTOM HOUSE,
SHANGHAI, 10th May, 1913.
(Revised and supplemented,
February 1, 1923)

## SUPPLEMENT TO THE HARBOUR REGULATIONS FOR THE PORT OF SHANGHAI

The following rules governing the treatment of Chlorate of Potash, Phosphorus and Amorphous Phosphorus have been sanctioned by the Chinese Government and the Treaty Power Consuls:—

### REGULATION FOR THE TREATMENT OF CHLORATE OF POTASH, CHLORATE OF POTASH IN TRANSIT

1.—No restrictions as to amount are placed on chlorate of potash in transit subject to the following rules:—

(*a*) That not more than 15 tons are carried in any one hold.
(*b*) That the regulations contained in Articles 7, 8, 10 and 11 are carried out.

### CHLORATE OF POTASH FOR DISCHARGING OR CHARGING AT SHANGHAI

2.—The maximum quantity permitted in the harbour above the Cosmopolitan Dock for discharging or charging and subject to there not being more than 15 tons in any one ship's hold by any one ship or lighter shall not exceed 30 tons. *Note*: This means that whether the chlorate is in transit or for Shanghai the aggregate quantity carried in any one ship's hold shall not exceed 15 tons.

3.—The importing vessel may proceed to any wharf below No. 5 Section and immediately on arrival discharge the chlorate overside into registered lighters to be conveyed to the licensed godowns on the Pootung shore or below the Harbour Limits, or discharge the chlorate to said licensed godowns directly. It cannot be landed or stored on the Shanghai side within the limits of the International Settlement without the permission of the Shanghai Municipal Council. The vessel to have steam or motors ready whilst the chlorate is being discharged. The conveyance to the licensed godowns on the Pootung shore will only be required 6 months after these regulations have been put into force. During this period the lighters may proceed and moor below the Cosmopolitan Dock.

Alternatively the importing vessel may discharge the chlorate in the stream below No. 5 Section, into registered lighters as laid down in Article 12 provided that the chlorate is conveyed immediately to godowns licensed by the Customs on the Pootung side or below the harbour limits, and that the vessel has steam or motors ready at short notice whilst the chlorate is being discharged.

ZEE SUNG & CO., LTD.
Jewellers, Watchmakers, Gold & Silversmiths
105 SZECHUEN ROAD SHANGHAI

By agreement between the Shanghai Municipal Council and the Harbour Authorities a vessel may discharge and load at any wharf a quantity not exceeding 20 cases, i.e., 2,000-lbs. subject to the condition that the discharge and loading be made immediately after and before the vessel's arrival and departure respectively.

Vessels wishing to load chlorate at Shanghai shall do so under the rules governing discharging, and the loading is to take place directly from the godown to the ship immediately prior to departure.

4.—Chlorate of potash for transhipment shall be discharged from the importing vessel either at a wharf or in the stream into registered lighters under the conditions laid down in Article 3 except that the lighters containing the chlorate shall proceed and moor below the Cosmopolitan Dock until re-exported.

5.—If the vessel is carrying more than 30 tons for Shanghai or wishes to load more than 30 tons the balance up to a maximum of another 30 tons is to be discharged or charged below the Cosmopolitan Dock into or from lighters which in the case of chlorate destined for Shanghai shall remain in the lighters below the harbour limit. Not more than 15 tons to be stored in any one hold of the ship.

6.—Quantities in excess of 60 tons to be discharged or charged into or from lighters outside Woosung.

7.—The chlorate shall be packed in metal packages or in paper-lined air-tight packages of sufficient strength to prevent any of their contents escaping when subject to rough usage.

8.—The packages shall be clearly marked " Chlorate of Potash " " Dangerous " in 2 inch red letters in English and Chinese.

9.—Clause 8 only to come into force 6 months after the regulations have been passed.

10.—Chlorate of potash shall not be stowed in the same hold as combustible materials unless properly screened off by an iron partition.

11.—Chlorate of potash shall not be stowed in the neighbourhood of strong mineral acids, especially sulphuric acid, in such a manner that any escaping acid can reach the chlorate.

12.—The chlorate of potash shall be discharged into lighters and no fires for cooking or other purposes, and no smoking, shall be allowed on board any lighter while having such cargo on board. Chlorate of potash shall not be discharged into lighters containing phosphorus or acids.

Lighters carrying such cargo shall exhibit a red flag, 6 by 4 feet, at a height not less than 8 feet above the highest part of the deck or deck houses.

13.—Transhipment shall not take place between the hours of 5 p.m. and 7 a.m. without a special permit from the Harbour Master.

14.—Vessels loading chlorate of potash shall do so only where it is permitted to be discharge, and under the same regulations with regard to quantity, transhipment, etc., as those governing the importation.

15.—Vessels having as cargo chlorate of potash which is not packed and stowed in accordance with these regulations shall anchor outside Woosung until such cargo has been discharged.

## Regulations For The Treatment of Phosphorus Other Than Amorphous Phosphorus

1.—The maximum quantity brought into the harbour, above the Cosmopolitan Dock, by any one ship or lighter shall not exceed 1,500-lbs.

2.—The importing vessel shall be permitted to berth anywhere in the stream until the phosphorus is discharged into registered lighters as provided for in Article 9, but she shall not proceed alongside any wharf until the whole of the phosphorus is discharged; except in the case when a vessel has on board a quantity not exceeding 300-lbs. when she can proceed alongside a wharf direct.

Phosphorus up to a maximum of 1,500-lbs. may be loaded or landed at any wharf from a registered lighter, at the discretion of the Harbour Master, provided that when landed it is stored in a godown licensed by the Customs on the Pootung shore, or by the Shanghai Municipal Council if within the limits of the International Settlement, and that it is loaded immediately before the vessel sails, and landed immediately after arrival.

3.—Yellow phosphorus for transhipment shall be discharged into registered lighters in the stream under the conditions laid down in Article 2, except that the lighters shall proceed to below the Cosmopolitan Dock until re-exported.

4.—If a vessel is not carrying more than 5 tons she will be allowed to discharge the same below the Cosmopolitan Dock into lighters to be moored below the harbour limit.

5.—If the quantity is in excess of 5 tons the balance shall be discharged outside Woosung.

6.—The phosphorus shall be packed in water in air-tight tins stowed in substantial cases and carried as deck cargo.

7.—The cases shall be clearly marked " Phosphorus " " Dangerous " in 2 inch red letters in English and Chinese.

8.—Clause 7 only to come into force 6 months after the regulations have been passed.

9.—The phosphorus shall be landed in registered lighters and no fires for cooking or other purposes, and no smoking, shall be allowed on board any lighter while having such cargo on board. Phosphorus shall not be discharged into lighters containing chlorate of potash or acids.

10.—Transhipment shall not take place between the hours of 5 p.m. and 7 a.m. without a special permit from the Harbour Master.

11.—Vessels loading phosphorus shall do so only where it is permitted to be discharged, and under the same regulations with regard to quantity, transhipment, etc., as those governing the importation.

12.—Vessels having as cargo phosphorus which is not packed and stowed in accordance with these regulations shall anchor outside Woosung until such cargo has been discharged.

## Regulations For The Treatment of Amorphous Phosphorus

Red or amorphous phosphorus may be imported without any restriction subject to the following conditions:—

1.—That it is packed in tins containing about 10-lbs. each, the tins being carefully packed in wooden cases each containing 10 tins.

2.—That the cases are clearly marked " Amorphous Phosphorus."

3.—That each shipment is covered by a certificate from the makers certifying that it is free from white phosphorus and acids, and giving marks of identification of the cases it refers to.

4.—Clause 2 only to come into force 6 months after the regulations have been passed.

5.—That every facility be given to the Chinese Customs to take samples for inspection and examination.

By Order of the Inspector-General of Customs,

## TIME SIGNALS

### By Day

A Time-ball is operated daily from a mast surmounting a stone column at the north end of the French Settlement Bund.

The Ball is half masted at 11.45 a.m. (zone time), mast-headed at 11.50 a.m., and dropped at 11.55 a.m., which is equal to 15.55 a.m., Greenwich mean time.

The Ball is immediately mast-headed again and dropped a second time at noon precisely, which is equal to 16 hours, Greenwich mean time.

In case of the failure of the Signal, the International Code Flag *U* is hoisted at the yard-arm.

### By Night

Four white electric lights, arranged in diamond shape, are operated on the same mast as the Time-ball. The Signals given are a series of lighting and extinction of these lights, the latter being always preceded by a short eclipse of 1 second to call attention.

The lights are switched on at 8.53 p.m. (zone time), which is equal to 0.53 p.m. Greenwich mean time; the first eclipse (attention Signal) takes place at 8.54 p.m. and 50 secs. and first prolonged extinction at 8.55 p.m.

This process of lighting and extinction is repeated at every subsequent minute, terminating at 9 p.m., equal to 1 hour, Greenwich mean time.

In case of failure of a Signal, either the white lights at the yard-arms or a red light at the mas-thead is exhibited for a few seconds.

These Signals are operated by Siccawei Observatory.

### Wireless Signals

Wireless time is given twice a day at 10.55, 10.57, and 10.59 a.m. and 4.55, 4.57, and 4.59 p.m. After "general call" (CQ de FFZ) the first minute is announced during 50 seconds by a series of G,— — . beginning at 10.54 a.m., a dot (E) indicating 10.55; the second minute is preceded by a series of O,— — —beginning at 10.56, a dot (E) indicating 10.57; the third minute is preceded by a series of X,— . . —beginning at 10.58, a dot (E) indicating 10.59. The same series is repeated in the afternoon, beginning at 4.54 p.m.

The Wireless Weather Forecasts and Signals are issued immediately after the Time Signals, at 11 a.m. and 5 p.m.

The Signals are issued by the Kowkaza (French) Wireless Station.

*Note.*—Zone time is the mean time of the 120th meridian east of Greenwich
